---

Stephen:

Thank you for the update. As I mentioned in my response to the September 10, 2009 progress report, I am disappointed that no action has been taken to complete the removal action since October 2008. You have given me a schedule of 2 months to complete the removal and disposal of materials from tanks 7, 10, 26, 27, and 30. I expect these wastes to be removed and disposed of by December 10, 2009.

Additionally, I would like a schedule that identifies the remainder of those activities that you are required to complete to satisfy the Removal Administrative Order. This should be provided to me as part of the November 10 progress report submittal.

Thanks
